

# The Village of Gowanda invites you to attend an informative Public Meeting!

***The Gowanda Brownfield Opportunity Area Pre-Nomination Study will soon be ready for public comment.***

To help focus its revitalization efforts, the Village of Gowanda has undertaken a number of significant efforts which have resulted in the potential for additional plans for moving forward with individual aspects of community redevelopment. The Village understands that, in order to succeed, the community must continue to be reshaped—in ways that reflect national trends favoring expansion of cultural, educational, recreational, entertainment, and residential uses, and to tap specific regional opportunities and growth trends associated with expanded tourism.

In an effort to capitalize on these positive trends and augment existing studies, the Village of Gowanda was awarded a Brownfield Opportunity Area Step 1 Pre-Nomination Study grant through the New York State Department of State Brownfield Opportunity Area program. We invite the entire community to join us as we unveil the results gathered from this study combined with the months of valuable community participation and input.

**When:**

Thursday, May 19, 2016  
6:30 pm

**Where:**

Hollywood Theater  
39 W Main Street  
Gowanda, NY 14070

**RSVP:**
